

Easy Recording

Easy Reporting

Easy Transcribing

## Capturing and Delivering the Record Has Never Been *Easier!*

### *Easy Recording*

**Sometimes the simplest solution is right at hand . . .**

Record Solutions represents handheld recorders from industry leaders Philips, Olympus and Grundig, including enterprise workflow solutions, plus Dragon Naturally Speaking. Add to that the Veri-Core Digital Recording Suite, an advanced multi-channel digital audio recording solution. Now you have a complete set of dictation solutions with speech-to-text, and recording solutions for courtrooms, hearing rooms, depositions, interviews, business meetings and more!

### *Easy Reporting*

**Sometimes the solution is as easy as dialing the phone . . .**

The new RemoteReporter™ service eliminates the need for parties and the reporter to travel to a central location. Simply schedule your session through our EasyScribe™ Cloud Portal and our remote reporters will be standing by to serve your reporting needs.

***If you have a phone, you have a reporter!***

### *Easy Transcribing*

**Sometimes the solution simply jumps off the page . . .**

The EasyScribe™ Cloud Portal delivers a simple and economical means of producing a transcript from your recorded audio and video: login to the Cloud Portal; upload your recording; and an accurate verbatim transcript will be delivered to you.

**It's as simple as *that!***

***When it comes to the Record . . . Easy Does It!***
